

Add a detail page showing the close price of one stock of the last 14 days. Check the Alphavantage server (or another server that offers stock prices) to receive the data. The URL is:

`https://www.alphavantage.co/query?function=TIME_SERIES_DAILY&symbol=<...>&apikey=<your_api_key>`

There are numerous chart libraries available, a popular one is HelloCharts:
<https://github.com/lecho/hellocharts-android>
